Morbi – The Ceramic Tiles Hub of India

MORBI

Located in Morbi, within the state of Gujarat, India's ceramic industry has achieved remarkable global recognition. Today, this region is considered the largest ceramic tile manufacturing hub in India and one of the fastest-growing tile clusters in the world. With hundreds of advanced manufacturing units, Morbi produces a wide range of wall tiles, floor tiles, vitrified tiles, and large-format slabs that are exported to more than 100 countries.

The strength of Morbi lies in its modern technology, skilled workforce, cost-effective production, and strong logistics network connected to major ports. This powerful ecosystem enables consistent quality, competitive pricing, and timely global supply—making Morbi a key influencer in the international ceramic tiles market.

Packaging & Loading Details

- Export-standard packaging based on tile size, thickness, weight, and tile body type (porcelain, vitrified, ceramic wall, slabs)
- Strong corrugated carton boxes with protective spacers to prevent edge damage and scratches
- Shrink wrapping and corner/edge protection for moisture safety and surface protection
- Wooden pallet packing available for heavy and large-format tiles for safe handling
- Proper palletization ensures stable stacking and balanced weight distribution inside containers
- Each box labeled with size, thickness, shade, batch number, and quantity for easy identification
- Packaging customized according to tile dimensions and project requirements
- Safe container loading system to minimize breakage during long-distance transportation
- Suitable for sea freight and land transportation with export-grade safety standards
- Complies with international export packaging practices aligned with ISO guidelines
- Designed to ensure damage-free delivery and efficient logistics for global shipments

Our Dispatch Centre is located about 184 kms from Mundra port, the largest port in India. Well connected, the port is easily accessible by road and its geographical proximity and easy connectivity ensure minimum time lag for a shipment. The port of Mundra is frequented by all major shipping lines and provides flexibility in choice of lines that can be used to send shipments across the world without any obstacles as well as on time.
